## The Handsomest Suits, Coats and Dresses Ever Made for Women and Misses Ready for your Approval

### The Suits

Just the Fall Suit to delight every woman—that is the interesting fact about our showing today, with its almost infinite variety. There are so many individual models, so many styles that are here in only two or three of a kind—NOW.

That is the privilege of choosing from our stocks when the season opens! Of course, we cannot maintain such variety as the season grows. We must be more careful, because later on we shall not have so many women to please, as our collection must be more conventional. That's why the clever woman who wishes her suit to be different from those of other women, takes so much delight in buying early, while the great variety and the exclusive models are here.

See the collection tomorrow, if you can, in such materials as Tricotine, Wool Velour, Velour Checks or Goldtone—all at—

### The Coats

Perhaps you've seen the new models, or at least pictures of them, and you know something about why we are so enthusiastic about these new Coats.

There is a richness about the fabrics, there is such a witchery about the styles, the graceful lines, the clinging, wrappy folds, the fetching collars, the fur trimmings.

There is more art than ever before—more refinement—more of the made-to-order effect, than has ever been seen before in ready-to-wear apparel for women.

Of course, many charming models are here in only one or two garments of a kind, and to get the one that is exactly suited to your figure and taste, you should choose now while the assortment is at its very best. You'll enjoy, too, the exceptionally low price of—

### The Dresses

Charming new dresses for all occasions for women and young women. Designed with artful skill in a most gratifying scope of models. It seems that every dress is different from all others. Dresses of tricotine, serge, charmeuse, crepe de chine, and all other favored fabrics—for business wear, for gay afternoons, and for street wear—all here, all so delightfully made and finished that they seem as though specially made for each individual wearer. The low price makes choosing doubly attractive at—
